

2026 Avante Apex Caravan Range

**Inspiring travel
since 1964**

WELCOME TO ELDDIS

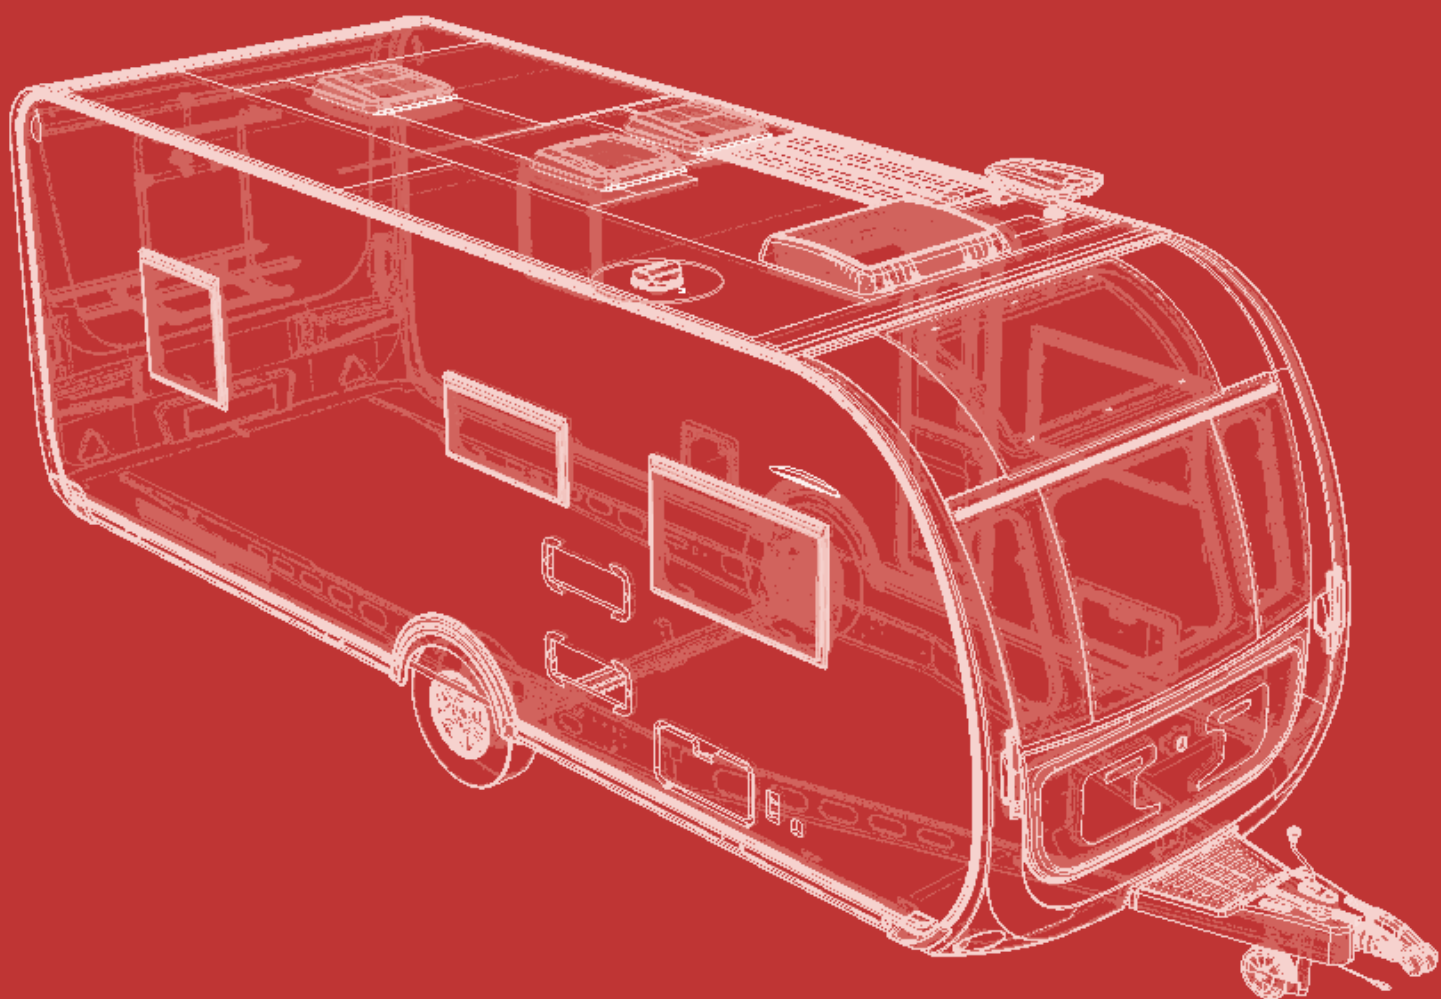

Driven by Heritage, Designed for the Future

Back in the early 1960s, Siddle Cook, along with his wife Mary and son Raymond, set out to improve the touring caravan experience after years of family adventures. From their workshop in Consett, County Durham, they launched their first models. Elddis struck a chord with holidaymakers, helping to establish Elddis as a trusted household name across the UK.

Today, Elddis continues to innovate and inspire, proudly building every caravan at our state-of-the-art facility in County Durham — the same location where it all began. Now part of the Erwin Hymer Group, and in turn THOR Industries Inc., we remain a proudly British manufacturer backed by the strength of the World's largest leisure vehicle group.

Whether you're heading off on a well-planned family getaway or setting out on a spontaneous weekend escape, your Elddis caravan will be a reliable and stylish companion — instantly recognisable for its cutting-edge design and proud heritage.

BUILT FOR TODAY. DESIGNED FOR TOMORROW.

Six decades of design expertise, innovation and customer insight have brought Elddis to where it is today — one of the UK's best-selling caravan brands.

Our 2026 range reflects everything we've learned from real caravanners: practical layouts, user-friendly features, and clever design that makes holidays effortless and enjoyable.

Whether you're heading off on your first family break or are a seasoned tourer, Elddis is the trusted name behind your adventures.

SMARTER WALLS, SEAMLESS COMFORT

Every Elddis caravan now features HaloTEC interior walls.

Manufactured by RENOLIT using their advanced CORK-STOCK technology, this seamless material is water-resistant, UV-resistant, lightweight, and ultra-durable — giving your caravan a sleek, modern look with long-lasting performance to match.

Inside, our walls are completely seam-free and wipe-clean, too!

EXTENSIVE RANGE. EXCEPTIONAL LAYOUTS.

From 2, 4, and 6-berth models to standard-width and 8ft-wide options, our range offers unmatched flexibility.

So whether you're a solo traveller, couple, or touring with the whole family, there's an Elddis layout made just for you.

ICONIC STYLE MEETS EVERYDAY PRACTICALITY

Elddis caravans are designed to stand out - not just in looks, but in performance.

Lightweight construction supports better fuel economy when towing, while LED lighting and high-efficiency heating systems reduce energy use and improve year-round comfort.

Every model meets Grade III thermal insulation standards, so you can enjoy warm winter getaways and cool summer breaks.

STYLE, COMFORT AND CHOICE

We design our interiors to feel like home - stylish, comfortable, and built to last.

From supportive seating and premium fabric choices to craftsman-built cabinetry, every Elddis feels like a home-from-home.

PEACE OF MIND, BUILT IN

Every Elddis caravan comes backed by our class-leading warranty package - with a 3-Year manufacturer's warranty and a 10-Year water ingress and body integrity guarantee.

Designed for lasting enjoyment and total confidence, wherever the road takes you.

Avante APEX

REFINED AND UPGRADED

Standard Width | 8ft Wide

The Eddis Avante APEX range elevates the best-selling Avante series with a host of premium enhancements. Available in our best-selling layouts: 520, 554, 860, and 868, the Avante APEX models boast improved Silver graphics, Diamond silver sides, and contemporary monochromatic interiors.

Standard features include Whale heating, BBQ point, Stargazer roof lights, Omnivent, outdoor cold water shower, offside service light, solar panel, battery, heavy-duty corner steadies, alarm system, AL-KO wheel lock, pleated blinds, Hollywood mirror, backlit headboard and logo pack.

The Avante APEX is quintessentially Eddis, offering brilliant additions to elevate this firm favourite.

AVANTE APEX RANGE HIGHLIGHTS:

THE ALL-NEW AVANTE APEX IS THE NEXT EVOLUTION OF ELDDIS' MOST POPULAR CARAVAN RANGE.

Retaining the core practicality and reliability that Avante is known for, the APEX edition introduces a refined palette of aesthetic, comfort, and specification upgrades.

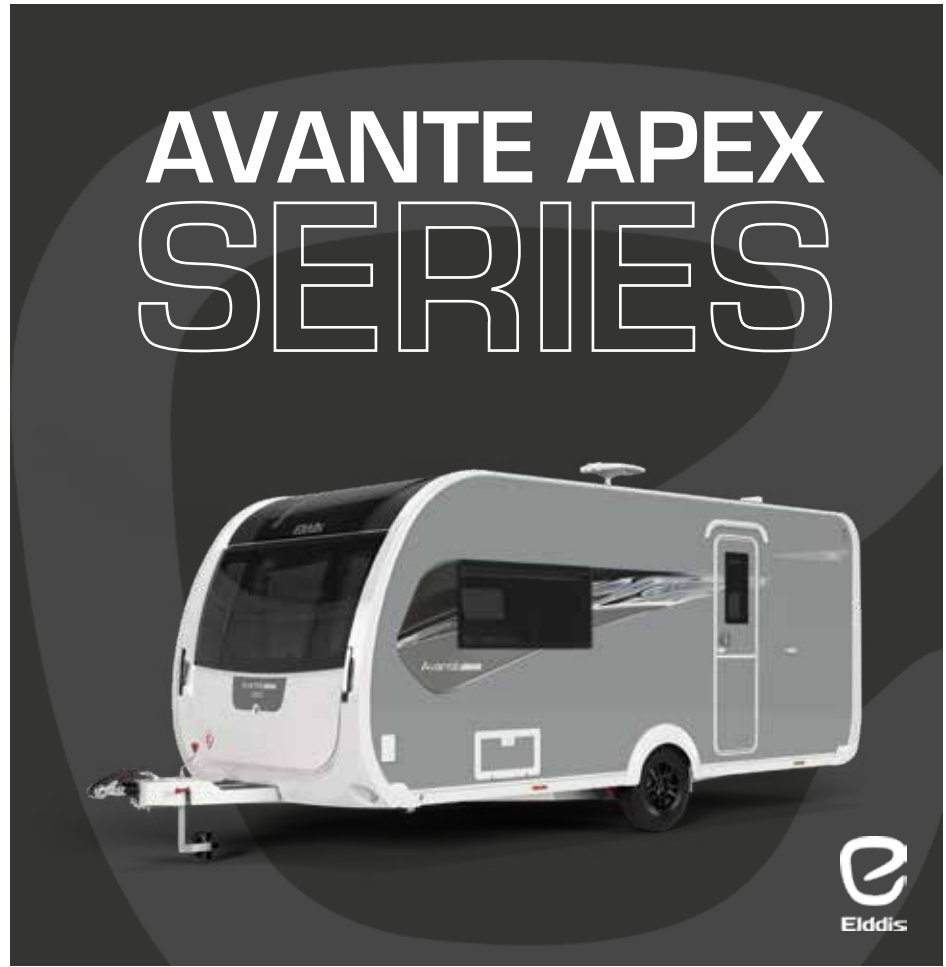

From the striking Diamond Silver sides and upgraded Black-Silver graphics to the enhanced interior finishes and upgraded tech features, every detail of the APEX has been crafted to deliver a superior touring experience. It blends affordability with quality touches, making it ideal for caravanners who want an enhanced experience without stepping up to the top-end ranges.

With 8ft-wide models available, contemporary furnishings, and advanced features like external shower, and Stargazer rooflight, the Apex sets a new benchmark in mid-range touring.

AVANTE APEX HIGHLIGHTS

- Based on the **best-selling Eddis Avante layouts**
- **Striking Diamond Silver sides** with upgraded exterior graphics
- **Whale heating system** for efficient and reliable warmth, all-year round
- **8ft-wide options available** for extra internal space
- **Stargazer rooflight** and upgraded upholstery for a light, modern interior
- **High-spec features as standard:** Solar panel, battery, external BBQ point, Omnivent, external cold water shower, and service light
- **AL-KO wheel lock** for added security
- **Contemporary Monochromatic interior styling** with logo pack and branded furnishings

Optional Extras

A range of optional extras are available.

Ask your Product Specialist to help you customise your lifestyle today.

***IMPORTANT INFORMATION** The contents of this publication are as accurate as possible at the time of going to press (1st July 2025), but this information should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Heights are measured on an unladen vehicle excluding any roof aerial or satellite dish. The payload is calculated by the GVM less the TARE weight. Tare Calc is completed with the following: Weight of the Motorhome equipped to the manufacturer's standard specification including essential habitational equipment. The Tare is the mass of the unladen vehicle, including an allowance for the driver (assumed 75 kg) and a 90% full fuel tank. The Tare is calculated with the freshwater tank empty. If you travel with water in the freshwater tank, then the User Payload will reduce accordingly. Prices effective 1st July 2025. The base price is for the vehicle with its standard specification, ORC and GST. This price list supersedes all others.

YOUR LOCAL ELDDIS DEALER

You'll find New Zealand's largest range of quality motorhomes and caravans and the most knowledgeable advice at TrailLite Group.
